PC-PLUS Technologies Breakfast Club sessions are a great way for IT Professionals, business owners and more, to learn about the latest technologies and what they can do for their business. Join us for a session and learn something you can use... all before lunch.

Learn from our experience, expertise and extensive knowledge. Hear directly from the engineers and experts who work with and develop the products you use every day.

[Click here to register for any of these events](#), or contact sales@pcplustech.com

All Breakfast Club sessions take place from 8:30-10:00am at PC-PLUS Technologies, located at 1 Westec Drive, Auburn, MA.

February 25th, 2010 | **MA Data and Security Regulations:** 84% of IT Professionals are not confident that their data is secure. Please join us along with special guest Sophos to find out what you can do to change that. With the March 1st deadline fast approaching, there's no better time than now.

March 11th, 2010 | **Desktop Virtualization:** What is it? What are the benefits? Is it right for your organization? You have heard a lot about it... join us to find out what all of the talk is about and decide if it's right for you.

March 25th, 2010 | **Top 10 Guidelines for Choosing the Best Business Phone System:** A new phone system is a big decision...and a big investment. You want unified communications with caller ID, call history, call reporting, web based dashboard and more. You want a phone system that will grow with your business and be easy to manage.

April 8th, 2010 | **Networks 101: Understanding your Network.** Your computer network is the backbone of your business. If you don't have an understanding of each component and the role it plays, how do you know you are making the best decisions? Join us to learn the basics of a small business network.
